Work Experience

- **Frontend Developer Intern, Adita Enterprises** March – August 2025
 - Collaborated with the development team to design, build, and enhance user interfaces.
 - Wrote clean, efficient, and reusable code using modern frontend frameworks and tools.
 - Tested and optimized frontend performance across multiple platforms and devices.
 - Contributed to improving responsiveness, accessibility, and overall user experience.
 - Practiced version control, code reviews, and agile collaboration in a remote team setting.

Education

- 2021 - 2025: Bachelor's, **Computer Science & Engineering**, AKTU UP (CGPA: 7.5)
- 2019: Class 12th, **Shri Krishna I.C**, Chandauli UP
- 2017: Class 10th, **Alok U M V Gautam Nagar**, Chandauli UP

Projects

- **Earthquake Analyzer (React Project)** [Link](#)
 - Developed a real-time Earthquake Analyzer using **React.js** with interactive UI for monitoring global earthquake data
 - Integrated **USGS Earthquake API** to fetch and visualize live seismic activity on a dynamic dashboard
 - Implemented data visualization with **charts, tables, and maps** for trend analysis and risk assessment
 - Deployed the application on **Netlify** ensuring a responsive and user-friendly experience across devices
- **Expense Tracker with Analytics** [Link](#)
 - Built a responsive **React.js** application to track daily expenses with category-wise segregation
 - Merged local storage for data persistence and implemented **CRUD operations**
 - Added interactive **charts and analytics** to visualize spending patterns and financial insights
 - Deployed the project on **Netlify** ensuring accessibility across devices
- **Jewellery E-Commerce Shop** [Link](#)
 - Developed a full-featured **React.js** based e-commerce application for jewellery products
 - Implemented **product listing, search, and filter functionality** for seamless user experience
 - Incorporated **shopping cart and checkout flow** with dynamic price calculation
 - Designed a responsive UI with **Tailwind CSS**, ensuring compatibility across devices

Certifications & Training

- **PW Skills – Full Stack Web Development (Frontend-focused)** [link](#)
 - Developed and deployed responsive SPAs with **React & Tailwind CSS**.
 - Built reusable UI components, managed state with **React Hooks**, and routing via **React Router**.
 - Enhanced performance with **lazy loading, code-splitting**, and ensured accessibility.
 - Deployed projects on **Vercel/Netlify**.

Technical Skills

- **Programming Languages:** Python, C, Java Script.
- **Framework:** React.js, Bootstrap, Tailwind CSS.
- **Framework Libraries:** HTML5, CSS3.
- **Databases:** MongoDB, SQL.
- **Tools Platforms:** Git, GitHub.
